

Join our team

Associate, Development and Commercialisation

- Full time, continuing position \$93,347 - \$107,193
- Based at JCU Cairns or Townsville
- Manage a diverse portfolio of opportunities with high potential
- Influential position in a World-class research institute
- Be part of building a brighter future for life in the tropics world-wide

What you can accomplish in the role

Reporting to the Manager, Development & Commercialisation and working closely with JCU researchers, you will be instrumental in identifying, evaluating and developing commercial opportunities arising from the University's research activities, including protection and commercialisation of its research intellectual property through strategies such as licensing and start-up companies.

What you will bring to the role

A key influencer, you will exemplify exceptional communication, collaboration, networking and interpersonal skills and enjoy developing close working relationships with a variety of stakeholders, including JCU's research leaders, key professional staff, industry, government and the community. You will relish the opportunity to use your entrepreneurial work ethic and strong business acumen as you strive to support innovative and commercially astute research partnerships for JCU.

Why JCU

Consistently ranked in the top 2% of universities worldwide, JCU is one of the world's leading institutions focusing on the tropics and offers a culturally diverse working environment with opportunities for professional and personal growth. JCU prides itself on being dedicated to teaching, learning and research that is not only high quality, but also delivers practical benefits to the peoples and industries of the region.

We support our people through the provision of:

- generous superannuation scheme with 17% employer contributions
- ongoing professional and career development
- five weeks' annual recreation leave
- attractive options for salary packaging
- Re-location assistance may be provided
