ABOUT ARMS

"ENABLING GLOBAL RESEARCH EXCELLENCE"

The Australasian Research Management Society (ARMS) is the professional society for research management professionals working throughout Australasia and Singapore.

Since its founding in 1999, the ARMS network has grown to involve more than 3900 members from universities, independent research institutions, government, and health and research organisations from across the Australasian region including Australia, New Zealand and Singapore.

OUR MISSION

ARMS is dedicated to the development of research management professionals; the promotion of the profession of research management; and the advancement of the research enterprise.

WE VALUE

- Equity and diversity in the profession of research management
- A strong, vibrant profession
- High standards of research governance including the uncompromising protection of the integrity and the ethics of research; and
- The profession of research management as integral to the research enterprise.

WE ACHIEVE THIS

- Providing a strong professional training and development framework for our members at all levels of research and administration through targeted events and conferences
- Providing access to an accredited professional development program which recognises research management and administration as a profession
- Encouraging opportunities for knowledge exchange through membership of Chapters and Special Interest Groups , sharing best practice in research management and administration
- Establishing professional networks with other members from the higher education sector, medical research institutes, hospitals, government departments and research organisations, funding agencies, Cooperative Research Centres, and and not-for-profit organisations and with other international societies where we exchange knowledge and expertise on global matters of interest; and
- Representing the interest of our members by playing an advocacy role to government and to research organisations on current issues of relevance to research management and administration in Australasia and Singapore.

PARTNER WITH US

The Australasian Research Management Society offers a range of partnership opportunities to reach sector representatives working in research management and administration roles across universities, Medical Research Institutes, CRCs, government agencies, service providers and consultancies.

CORPORATE PARTNERSHIP PROGRAM

ABOUT THE PROGRAM

There are many opportunities to engage and connect with ARMS members and establish new networks with professionals working in the research management sector.

We have created tailored packages; Platinum, Gold, Silver and Bronze to meet your marketing and promotional requirements. Elements can be combined to create a tailored package to meet your company's requirements.

One (1) Platinum package will be made available per annum which may combine all offerings in the Gold category package with additional add-ons to be negotiated with ARMS (note \$20K minimum spend). Each package is based on a twelve (12) month arrangement.

Discounts are available for partnership over multiple years.
